

Sunbeam School, Babatpur
Annual Report for the Academic Session 2025–26

"You don't have to be great to start, but you have to start to be great."

A warm welcome to everyone!

As we approach the end of this academic year and continue our service towards providing quality education since our inception in 2025, we take this opportunity to thank the Almighty for His abundant blessings and guidance. We also extend our gratitude to our management, parents, students, teachers, and well-wishers for their constant support. With your due permission, I now present the Annual Report for the session 2025–26, highlighting the achievements of Sunbeam School, Babatpur during the past academic year. As we share the yearly updates of our activities, we humbly state that we have done our best to achieve what we had planned. We are proud of our students and teachers who strive hard to excel beyond expectations. Our focus has always been on the holistic development of students. We have remained committed to creating an environment that helps young minds blossom and provides a platform for independent thinking and the overall development of a child's personality. This academic session has witnessed repositioning, restructuring, and renewed focus.

Academic Achievements

Achieving academic excellence lies at the heart of all educational institutions. One of the most important measures of this pursuit is performance in the Annual School Examinations conducted by CBSE. We are proud to acknowledge that our students have performed well in academics, as well as in co-curricular and extracurricular activities throughout the session. I proudly present before you the achievements of our students and the progress of our school, made possible by the dedication and commitment of our staff. We are delighted to share that our students of Classes X and XII who appeared for the 2024–25 Board Examinations passed with flying colours. We are hopeful that the results for the session 2025–26 will surpass previous records.

Staff

The Sunbeam School Babatpur family comprises well-trained, experienced, and dedicated teaching and support staff. We sincerely appreciate the tremendous cooperation and commitment of everyone associated with the institution, who continuously strive to guide students in achieving their dreams and aspirations.

Apart from core subject teachers, we also have dynamic coaches for Physical Education, Yoga, Skating, Music, and Dance.

Enhancement of Skills in Teachers and Students

As part of our enrichment programme, various workshops and seminars are organized periodically throughout the year for the overall development of both teachers and students.

Capacity Building Programmes (CBP) are also organized for teachers as per CBSE norms.

Celebrations

Celebrating together and spreading joy is a vital aspect of school life at Sunbeam School Babatpur, and we observe these occasions with great enthusiasm every year. Festivals such as Guru Purnima, Sawan Celebration, Janmashtami, Navratri, DandiyaDhamaka, Diwali, and Holi were celebrated with great zest and reverence. National events like Independence Day, Republic Day, and Teachers' Day were celebrated with pride and fervour. Reading Week: The English Department organized a Reading Mahotsav from 1st July to 12th July 2025 to promote literacy and inspire a lifelong love for books. Storytelling Sessions: Engaging storytelling sessions captivated students and sparked their imagination and creativity. Spell Bee Challenge

The Spell Bee Challenge is an annual event that celebrates linguistic brilliance and word mastery. The competition fosters vocabulary improvement, spelling proficiency, and public speaking skills.

Scholastic Activities

The school views each learner as a unique individual with inherent potential. By providing a conducive and encouraging environment, students are motivated to participate in various inter-school and intra-school activities. Under the coordination of Activity In-charge Mrs. Supriya Pandey, the school conducted several activities such as English and Hindi Poem Recitation, Extempore, Debate Competition, Heritage Quiz, Science Quiz, Hindi Olympiad, General Quiz, and Geography Quiz. The school also conducted the Investiture Ceremony, where Mohit Singh was elected as the Head Boy and Pari Singh was elected as the Head Girl.

An Inter-School Quiz, TRIQUEST, organized under the aegis of Next Education, brought laurels to the school, with nine students winning prizes and cash awards.

Health & Hygiene "To keep the body in good health is a duty; otherwise, we shall not be able to keep our mind strong and clear." The health of students is a primary concern of the school. A yearly routine health check-up programme was organized to ensure proper consultation and care.

Sports

"Sports teach us how to lose, but also how not to be a loser." The school has been hosting CBSE Sports events for the past four consecutive years. This year the school proudly became the host of the CBSE Girls' Volleyball Championship 2025. Sports play a vital role in promoting physical fitness, a healthy lifestyle, and the development of social skills. They instill values such as discipline, teamwork, and sportsmanship. Our students participated in various district, state, and national-level tournaments and brought laurels to the school.

Adventure Trips, Visits, and Excursions

The school organizes excursions and educational trips every year to provide students with first-hand learning experiences beyond the classroom. These activities enhance academic understanding and promote bonding among peers.

Conclusion

The success of a school is the result of the collective efforts of students, parents, teachers, and management. On behalf of the school, I express my sincere gratitude to all for their continuous support and encouragement. Special thanks are due to our teachers, staff, and parents for their valuable feedback and cooperation. On behalf of the entire staff, I take this opportunity to reaffirm our commitment to serve the institution and all stakeholders with dedication and sincerity.

Let me conclude with the inspiring words of A. P. J. Abdul Kalam: "Learning gives you creativity, creativity leads to thinking, thinking provides knowledge, and knowledge makes you great."
